are "depressants," and when used too much, can cause symptoms of clinical depression Medical: Certain physical illnesses such as thyroid problems, stroke, some cancers, or a brain tumor can cause depression Some prescription medications such as steroids, oral contraceptives, and certain blood pressure medications can also cause depression

Babies Cry. This is My Crying Plan!

the baby Sometimes babies cry for no apparent reason When this happens, feeling frustrated is normal Never Shake a Baby! All babies cry, some more than others Crying is a baby's language When my baby cries she may be lonely, scared, tired or he may cry for no reason that we can figure out So if my baby cries these are some things to try:

Forged by Fire (Hazelwood High Trilogy Book 2)

He was too scared to cry Everything around him was white—the walls, which seemed to tilt toward him; the sheets, which were scratchy and so bright that he had to close his eyes; and the people, whose pale white faces and uniforms made him think of ghosts that come to get you in the night His throat felt scratchy and it hurt a little to breathe

The crying baby - Sydney Children's Hospital
